### Education • Support • Prevention

May 2015

Thank you for your past financial support! We need your contributions to continue our work supporting Lyme patients and our doctors.

Since 2003 we have been educating the public through monthly meetings with authoritative speakers, sponsoring events featuring the world's top Lyme experts, and giving presentations to help educate our community.

Counting emails, phone calls, meetings, and just answering people's questions, our all-volunteer Board members have spent over 4000 hours this year. We have an amazing range of interesting speakers lined up for our upcoming monthly meetings. Your tax-deductible donations make all this possible. This is our 13th year of serving our community. Help us keep going.

### **YOUR DONATIONS ARE NEEDED FOR US TO CONTINUE THIS WORK.**

If you recently made a donation to us, thank you!

We apologize for any duplicate requests.

Thank you!
